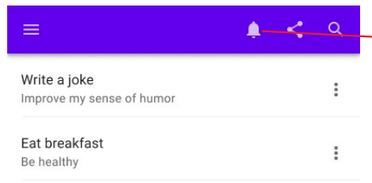
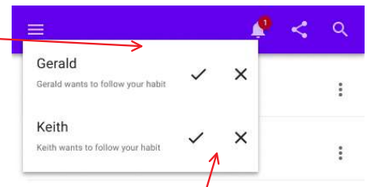
Project Part 3 - Storyboard



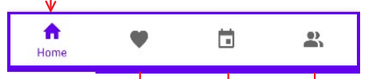
Shows the doer what habits they need to do today.

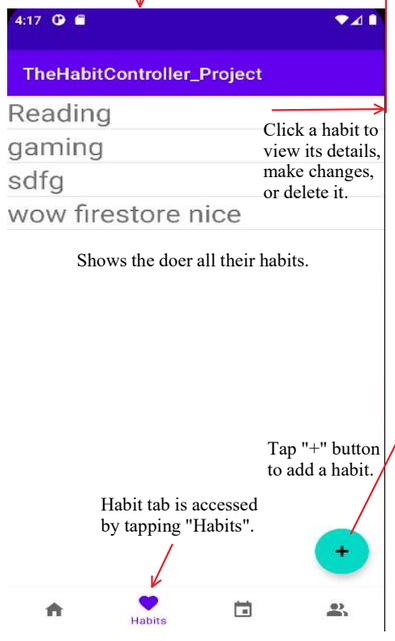


Can grant or deny another doer permission to follow all my habits.

NOTE: UI images are updated with screenshots for parts we've implemented. Previous mock-up designs are used for parts not completed.

Home tab is accessed by tapping "Home".



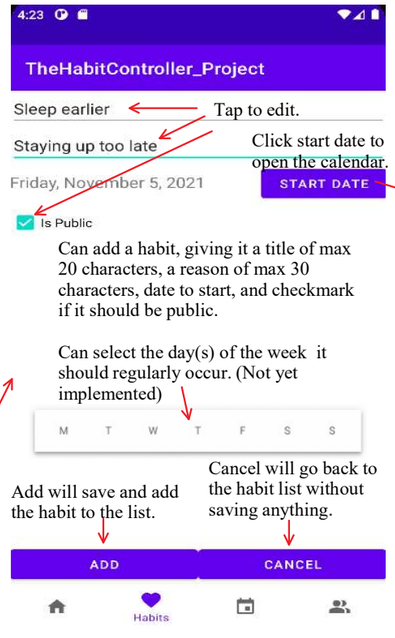


Click a habit to view its details, make changes, or delete it.

Shows the doer all their habits.

Habit tab is accessed by tapping "Habits".

Tap "+" button to add a habit.



Tap to edit.

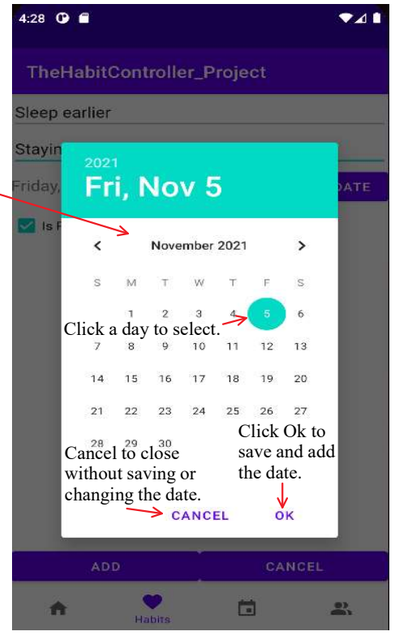
Click start date to open the calendar.

Can add a habit, giving it a title of max 20 characters, a reason of max 30 characters, date to start, and checkmark if it should be public.

Can select the day(s) of the week it should regularly occur. (Not yet implemented)

Add will save and add the habit to the list.

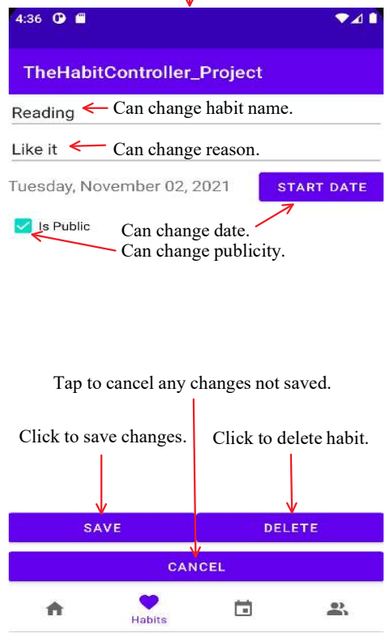
Cancel will go back to the habit list without saving anything.



Click a day to select.

Cancel to close without saving or changing the date.

Click Ok to save and add the date.



Can change habit name.

Can change reason.

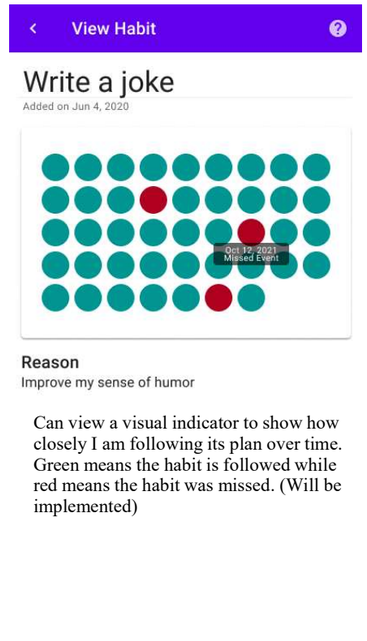
Can change date.

Can change publicity.

Tap to cancel any changes not saved.

Click to save changes.

Click to delete habit.



Can view a visual indicator to show how closely I am following its plan over time. Green means the habit is followed while red means the habit was missed. (Will be implemented)
